**HEALTH OFFICE STANDING ORDERS  
2010-2011**

Student \_\_\_\_\_ Grad year \_\_\_\_\_

In collaboration with Dr. John Zeller, the following standing orders have been developed for use in the health office. This form must be signed and dated by a parent or guardian and returned to the nurse if you would like your son to have access to these services. Please indicate which services you give permission for by completing the form below. Questions may be directed to the school nurse at the number listed above.

\_\_\_\_\_ A standard dose of Tylenol or Ibuprofen may be given every 4-6 hours for the temporary relief of minor aches and pains associated with the common cold, headache, toothache, muscular aches, or pain associated with an injury that has already been assessed by the athletic trainer or licensed healthcare provider.

\_\_\_\_\_ The following items may be used as needed for first aid: triple antibiotic ointment, Ivarest (anti-itch gel), sting kill swabs and hydrocortisone cream.

\_\_\_\_\_ Epinephrine may be administered for the emergency treatment of a severe, life-threatening allergic reaction (anaphylaxis).

I give permission for my son to use the services listed above. This permit ends with the current school year. A new permit must be completed for next school year.

Parent/Guardian signature: \_\_\_\_\_ Date \_\_\_\_\_
