

July 2022

Dear St. Xavier Students, Parents and/or Guardians,

Welcome to St. Xavier High School and the 2022-23 school year! As we move through the summer, a great deal of work has been done to plan for the start of school in August. From various building improvements to the professional development of the faculty, administration and staff, we continue to work toward animating the vision of Jesuit education at St. Xavier High School.

You should have received separate information from our school Registrar concerning student schedules and course adjustments. Student schedules are available in PowerSchool beginning Friday, July 22 after 3 p.m. Please carefully read that information and log on to PowerSchool to verify there are no problems.

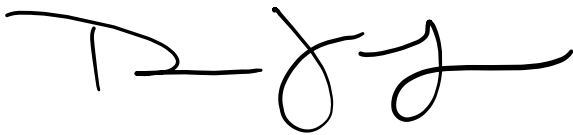

The [parent portal](#) is a great resource for information on activities at St. Xavier. Currently, in the [Back to School](#) section, you can find information on the orientation days, religion textbooks, summer reading assignments, information on the senior leadership retreat and much more to start the year.

In this spirit of listening and reflection, we continue to extend the invitation to our students and parents to collaborate with us. Please do not hesitate to reach out to let us know how we are doing with our goal of “being the best at getting better.”

Thank you for your continued support and for entrusting your sons in our care. We look forward to working with your son as he strives to become a man for and with others.

Please feel free to contact me if you have any questions or concerns.

A.M.D.G.,

Daniel J Lynch
Principal
